# Comb binding machine

These manual punch or electric punch comb binding machines have modern design, they can meet various comb binding demands for home, office as well as the professional applications.

## CB-200G

Modern design for home or office use  
 Medium-duty comb binding  
 Electric punch up to 20 sheets (80gsm)  
 Binding width up to 300mm  
 Punch margin adjustable 2.5-6.5mm  
 All disengageable pins  
 Punching 21 rectangle holes in 3x8mm  
 Power supply: AC100-240V, 50/60Hz  
 Machine dimensions: 445x290x210mm  
 Weight: 16 kgs

## CB-500E

Durable all-metal construction  
 Electric punch up to 25 sheets (80gsm)  
 Foot pedal punching control  
 Binding width up to 300mm  
 Punch margin adjustable  
 Page board adjustable  
 All disengageable pins  
 Punching 21 rectangle holes in 3x8mm  
 Motor power: 120W  
 Power supply: AC100-240V, 50/60Hz

## CB-368

Medium-duty comb binding  
 Manual punching up to 25 sheets (80gsm)  
 Binding width up to 360mm  
 Punch margin adjustable 2.5-6.5mm  
 Page board adjustable  
 All disengageable pins  
 Punching 24 rectangle holes in 3x8mm  
 Machine dimensions: 500x380x425mm  
 Weight: 10.5 kgs

# Plastic coil binding machine

These manual punch or electric punch comb binding machines have modern design, they can meet various comb binding demands for home, office as well as the professional applications.

## PCI-200F

Modern design for home or office use  
 Medium-duty coil binding  
 Electric punch up to 20 sheets (80gsm)  
 Binding width up to 300mm  
 Punch margin adjustable 2.5-6.5mm  
 All disengageable pins  
 Punching 46 holes in Ø 4.0mm  
 Power supply: AC100-240V, 50/60Hz  
 Punching Form: Electric (220V/50HZ/110V/60HZ)  
 Machine dimensions:: 445x290x210mm  
 Weight: 16kgs

## PCI-500E

Heavy-duty coil binding  
 Electric punching up to 25 sheets  
 Foot pedal punching control  
 Electric inserting  
 Punch margin adjustable 2.5-6.5mm  
 Page board adjustable  
 Punching 53 holes in Ø 4.0mm  
 Power supply: AC100-240V, 50/60Hz  
 Machine dimensions:: 480x395x280mm  
 Weight: 15.8kgs

## CB-368

Medium-duty comb binding  
 Manual punching up to 25 sheets (80gsm)  
 Binding width up to 360mm  
 Punch margin adjustable 2.5-6.5mm  
 Page board adjustable  
 All disengageable pins  
 Punching 24 rectangle holes in 3x8mm  
 Machine dimensions: 500x380x425mm  
 Weight: 10.5 kgs

Plastic or steel coils in different colors

# Wire binding machine

## WB-200

Heavy-duty metal construction  
 Two lever binding system for punching and binding  
 Manually punch up to 20 sheets  
 Punching up to 330mm size in standard  
 34 Disengageable punch pins  
 Adjustable punching margin 2.5-6.5mm  
 Punching 34 round holes in  $\Phi 5.0\text{mm}$   
 Machine dimensions: 500x400x250mm  
 Weight: 11.8 kgs

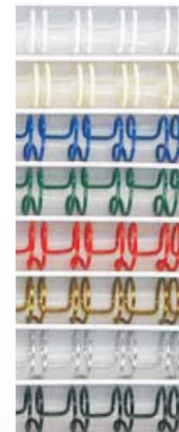

## AB-998

It is a heavy-duty electric punching machine with manual wire closing function.  
 Electric punching up to 30 sheets, manual wire closing  
 Punching up to 430mm size in standard  
 Adjustable punching margin: 2.5-6.5mm  
 Interchangeable die system  
 Motor power: 140w  
 Punching speed: 1.5s/time  
 Closing wire size: 3/16~1"  
 Machine dimensions: 605x358x260mm  
 Machine weight: 53.5kgs

## Double Loop Wire

Size (inch)	Size (mm)	Quantity per box		Loops per spool	
		3:1	2:1	3:1	2:1

# Combination binding machine

---

## AB-698

It is an electric heavy duty multi-function binding machine, features 4 punching dies and 3 binding methods.

Heavy duty all-in-one binding machine  
Punching up to 430mm size  
Punching capacity: Up to 30 sheets 80gsm paper  
Includes Manual Wire Closer  
Includes Electric Coil Insert  
Includes Manual Comb Binding Closer  
Adjustable punching margin: 2.5~6.5mm  
All disengageable pins  
Motor power: 140W  
Machine Dimensions: 650X490X350mm  
Weight: 91kg

### Wire 2:1 Square Die:

Punches up to 28 sheets and binds up to 25.4mm

### Wire 3:1 square Die:

Punches up to 24 sheets and binds up to 25.4mm

### Coil 4:1 Oval Die:

Punches up to 30 sheets and binds up to 50mm

### Comb Die:

Punches up to 20 sheets and binds up to 25.4mm

## AB-798ZD

**Best partner for punching machine**  
**All-in-one for combs, wire and coil binding**

# Professional punching machine

---

## AB-798

It is a heavy-duty electric punching machine, with exchangeable punching dies.  
Electric punching up to 30 sheets 80gsm paper  
Punching up to 430mm size  
Adjustable punching margin: 2.5~6.5mm  
Interchangeable die system  
Motor Power : 140W  
Punching Speed :1.5s/ time  
Machine dimensions: 510x430x260mm  
Machine Weight: 45.5kg

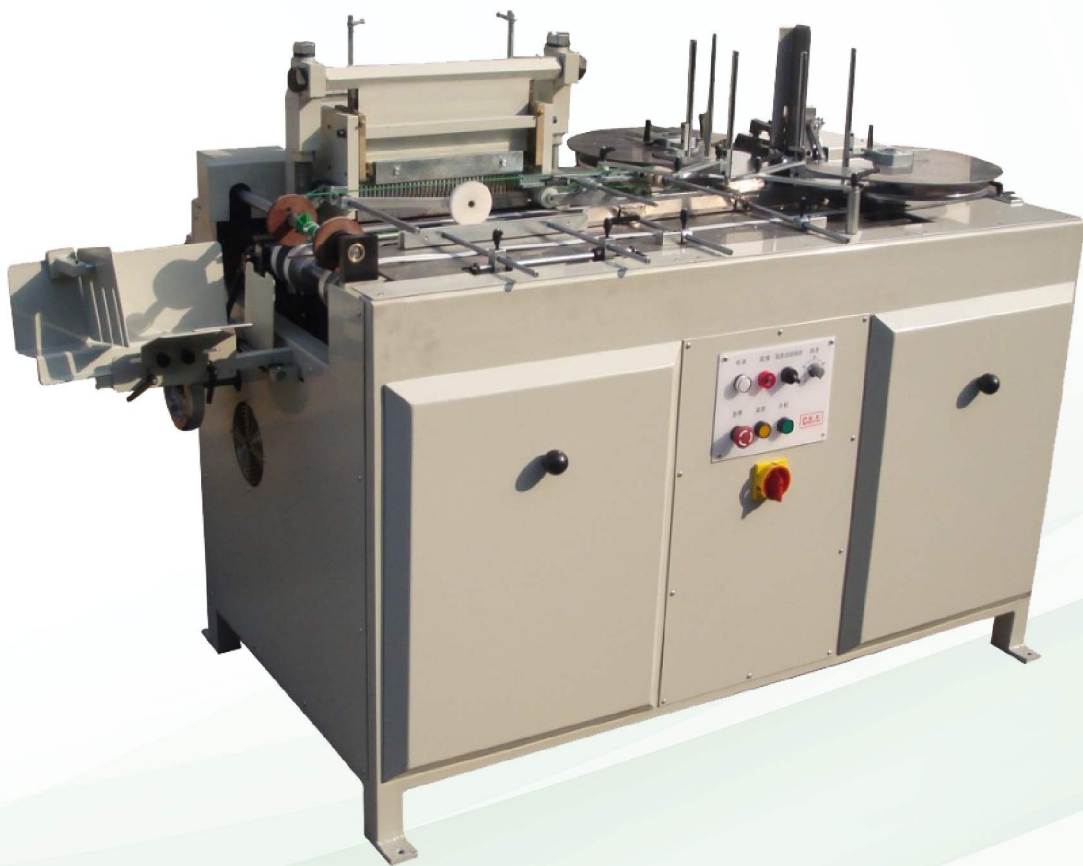

## Super-60

It is the industrial paper punching machine with high productivity. The 24 Exchangeable punching dies can be changed easily and quickly.  
Max. punching thickness up to 5.0mm  
Max. punching width up to 600mm  
Punching speed: 60 times/minute  
Power supply: AC 110V – 240V; 50/60Hz  
Power consumption: 1500W  
Adjustable punching margin: 2mm to 6mm  
Dimension: 1000x640x1110mm  
Weight: 270 kg

# Automatic Punching Machine SPA-320

---

This machine is suitable for batched punching of all kinds of notebooks, calendar paper, tutorial paper, and PP, etc. With the integration of automatic separating, punching, and receiving paper, it increased the production efficiency remarkably. The succinct and reasonable structural design provides you a high cost performance.

## Technical data:

Max. Sheet: 320×320mm  
Min. Sheet: 130×95mm  
Punching Thickness: 2mm  
Paper capacity: 55-200g  
Punching Speed: 4200-5400 times/hour  
Power: 1PH 220V 50/60HZ (other voltage on request)  
Dimension (L×W×H): 1.8×0.9×1.3m  
Weight: 500Kg

# Perfect Binding System

---

## **PB-350**

Designed for the short run print on demand market, ideal for quick printers, in plant, offices, schools, churches and more

**Compact size**

**Simple Operation**

**Consistent Quality**

Max binding capacity up to 38mm

Max binding length up to 330mm

120 books per hour binding circle

## **PB-550S**

Designed for high productivity, it is ideal for professional binding work.

Easy setup

**Simple Operation**

**High productivity**

Consistent Quality

**Convenient moving with caster**

Max binding capacity up to 50mm

Max binding length up to 410mm

150 books per hour binding circle
